Subject: [External] Harris Nuclear Plant Refueling Outage Update

CAUTION: External email. Do not click links or open attachments unless verified. Send all suspicious email as an attachment to Report Spam.

Hello everyone! Tonight we start the 2018 refueling outage at Harris. We will be commencing down power at 9 PM this evening with the Unit offline at 2:00 AM. The plant will be cooled down and depressurized at 9 AM Saturday.

Some key things to remember:

- Steam and noises will be coming from the plant this evening as we cooldown.
- We have an influx of workers on site 24/7 to support this work.
- Traffic conditions will be heavy from 0500-0700 and 1700-2000 daily around the plant.

I will be working nightshift in the Outage Command Center so all routine day time questions and needs please contact Gregg Simmons (919-818-7855)

Thanks everyone, please forward this accordingly.
